Mike Nelson at (269) 668-4461

THE JOURNEY CONTINUES

Join a
Journey Group
this March at
Centerpoint Church

2345 N. 10th St.
Kalamazoo, MI

We Believe:

Everyone has a story

Everyone has dignity

Everyone struggles with depravity

The Body of Christ is intended to be
a safe place for healing wounds

People will wrestle with God

People are responsible for the damage they do,
not the damage done to them

People want to be called to more

Transformation is a life long journey,
best done in a community with fellow travelers

All of us have been shaped and formed by
our experiences on the journey of life.

Journey Groups offer biblical teaching and authentic
community designed to encourage you to examine how
your experiences impact your relationship with God,
others and yourself.

What Does The Journey Involve?

You will receive a participant's Journey Guide that focuses
on a better understanding of your personal journey with
weekly assignments to discuss in your small group.

Each session will begin with a teaching time using the
Journey Guide (30 minutes) followed with small groups
lead by two Journey Group Facilitators (90 minutes).

You will be in the same small group each week, building
trust and relationships with fellow travelers.

Journey Group Facilitators:

Facilitators have gone through the process as participants
and are trained and experienced in leading small groups.
Their goal is to facilitate a safe environment by keeping the
safe group guidelines. Facilitators tell their stories first and
respond to the stories shared, helping others learn to do
the same.
